Personal

Born on 23 October, 1980 in *Mengcheng, Anhui, P. R. China*

Employment

2015-present **National University of Singapore** Assistant Professor of Chemistry
2011-2014 **University of California, Berkeley** Postdoctoral Research Associate
2010-2011 **University of Illinois at Urbana-Champaign** Postdoctoral Research Associate

Education

2010-2014 **University of California, Berkeley, CA; University of Illinois at Urbana-Champaign, IL**
Postdoctoral Advisor: Prof. John F. Hartwig
Studied palladium- and nickel-catalyzed C-C and C-N cross-coupling reactions. Such reactions include (asymmetric) α -arylation of carbonyl compounds, amination of aryl halides with primary aliphatic amines, and (asymmetric) α -arylation of fluorinated enolates. Detailed mechanistic studies were conducted for nickel-catalyzed C-C and C-N cross-coupling reactions.

2005-2009 **University of Groningen, Netherlands**, Ph.D. in Chemistry
Graduate Supervisor: Prof. Bart Hessen
Designed and synthesized a range of multiple-dentated nitrogen-based ligands derived from the 6-amino-1,4-diazepine framework. Synthesized a variety of rare-earth metal alkyl complexes supported by these nitrogen-based ligands. Studied the catalytic activities of these complexes towards hydrofunctionalization of olefins and polymerization of ethylene.

2002-2005 **Åbo Akademi University, Finland**, M.Sc. in Chemical Engineering
Thesis Supervisor: Dr. Ove S. Andell
Designed and synthesized multiple siloxy-substituted cyclopentadienyl ligands and zirconium complexes supported by these Cp-ligands. Studied the copolymerization of ethylene and 1-hexene catalyzed these synthesized zirconocenes.

1998-2002 **University of Science and Technology of China, Hefei, Anhui**, B.Sc. in Applied Chemistry
Thesis Supervisor: Prof. Wenfang Shi
Studied the synthesis of hyper-branched polyamides.

Awards

2018 Thieme Chemistry Journal Award
2017 Young Chemist Award (NUS Chemistry Department)
2017 Asian Core Program Lectureship from Japan and Taiwan
2016 Asian Core Program Lectureship from China
2015 Young Investigator Award (National University of Singapore)
2008 Chinese Government Awards for Self-Financed Graduate Students Abroad

Teaching

2017 CM4225 "Organic Spectroscopy" (75 students)
2017 CM5225 "Asymmetric Catalysis" (25 students)
2016 CM4225 "Organic Spectroscopy" (25 students)
2015 CM3221 "Organic Synthesis and Spectroscopy"

Publications at National University of Singapore (NUS)
